

Families. The Nicatous Lodge is a great place for a family reunion. Many of our returning guests were first introduced to the Lodge and to Nicatous Lake during a family stay a generation or two ago! Bring your family for a quality outdoor experience and to escape the pressures and interruptions of modern life such as text messages and video games.

At the Nicatous Lodge we are able to accommodate large groups with family dining and outdoor activities. Just call us to organize events in advance. We can provide suggestions and quotes or help you with the planning and logistics.

Vacationers/Travelers/Naturalists. Bird watching, relaxing, sightseeing are all popular activities in the Nicatous Lake region. Home to one of Maine's largest loon populations, Lake Nicatous is a birders paradise for waterfowl, raptors, and songbirds.

Motor Enthusiasts! Like ATVs, side by side, snow sleds, and trail riding? The Nicatous Lodge is located at the trailhead of Maine's most extensive trail riding system. Call for the latest trail conditions.

Serious Outdoorsmen. Our success rate for those with a Moose tag is 80%! Black bear hunts, upland bird hunting, and deer hunting are all popular in the Fall.

Nicatous Lake is one of Maine's best small mouth bass fisheries. The Lake also produces some salmon, a few brown trout, and now Splake which has been recently introduced. The white perch fishing is awesome!

Nearby Duck Lake and West Lake are well known for their Salmon and Brook Trout fisheries. The three large lakes (Nicatous, West, and Duck) are surrounded by smaller ponds that typically hold brook trout and pan fish.

Corporate customers. The Nicatous Lodge is a great place to hold a small business retreat. The State of Maine frequently utilizes the Lodge and its facilities to host events for its wardens and biologists.
